SUMMARY

Passionate Full-Stack Developer with hands-on experience in **MERN Stack Development, Java, Data Structures & Algorithms, Git**, and **GitHub**. Skilled in building scalable web applications, RESTful APIs, and database-driven solutions. Passionate about solving real-world problems through technology and seeking opportunities to contribute, learn, and grow as a Software Developer.

EDUCATION

ABES Institute of Technology

Bachelor of Technology in Computer Science & Engineering (IoT) — SGPA: 7.3

Ghaziabad, UP

Sep. 2023 – May 2027

Tagore Public School

Class 12th: 80% | Class 10th: 90%

Prayagraj, UP

Completed

ACHIEVEMENTS

- Solved over **150+** algorithmic problems on **LeetCode**. | [Profile Link](#)
- Certified in **Programming using Java** by Infosys Springboard (2025).
- Selected for the **Ace & Fledgling Program** — United Latino Student Association.

PROJECTS

EduBridge – Student Resources Sharing & Collaboration Platform | [Github](#)

Jun. 2026

- Developed a **multi-role student platform** using **ReactJS** and **NodeJS** to centralize notes, peer book exchanges, and senior mentorship.
- Implemented **real-time chat and alerts** using **Socket.io** and Firebase for instant project join requests and notifications.
- Integrated **Gemini API** to provide **AI teammate matching suggestions** using MongoDB Atlas Search to match partners by skills and availability.
- Secured routing with **JWT role-based access**; optimized UI performance with lazy loading and infinite scroll for resource lists.
- Implemented role-based dashboards for students, seniors, and administrators, enabling secure access control and personalized user experiences.
- Tech Stack :-** MongoDB Atlas, ExpressJS, ReactJS, NodeJS, Redux Toolkit, Socket.io, Gemini API, Cloudinary, Firebase.

HireMatch – AI Resume Analyzer | [Github](#)

Mar. 2026

- Developed a full-stack AI-powered Resume Analyzer using the **MERN Stack** integrated with **Google Gemini API**.
- Implemented intelligent resume parsing and skill extraction to identify matching and missing keywords.
- Designed an interactive feature to provide customized preparation plans for improving job readiness.
- Improved ATS compatibility analysis by comparing resume content against job descriptions and generating actionable recommendations.
- Created a highly responsive user interface using React.js with seamless API integration via Axios.
- Tech Stack :-** MongoDB, Express.js, React.js, Node.js, Google Gemini API, Axios.

Personal Portfolio Website | [Github](#) | [Live](#)

Oct. 2025

- Built a responsive digital portfolio using **React.js** with modular and reusable components.
- Implemented smooth client-side routing and an integrated resume download feature.
- Optimized UI responsiveness and performance for seamless experience across devices.
- Tech Stack :-** React.js, React Router, HTML5, CSS3, TailwindCSS.

TECHNICAL AND PROFESSIONAL SKILLS

- Languages:** Java, JavaScript, HTML5, CSS3
- Frameworks and Libraries:** React.js, Node.js, Express.js, Axios, TailwindCSS
- Database Management & Concepts:** MongoDB, MySQL, DBMS, Data Structures & Algorithms, OOPS
- Developer Tools & Practices:** Git, GitHub, VS Code, Postman, Vercel, SDLC, API Testing, Socket.io

POSITION OF RESPONSIBILITIES

- Student Mentor** at Light De Literacy (LDL), Noida (Dec 2023 – Jun 2024): Volunteered to teach academic subjects to underprivileged students and helped 100+ students strengthen their academic foundation and confidence.
- Volunteer** at Hacknovate 7.0, ABES Institute of Technology (2026): Assisted in the successful organization and management of a college-level hackathon by coordinating participants, supporting event operations, and ensuring smooth execution of technical and non-technical activities.
